PROFILE

Computer Science undergraduate with hands-on experience building modern web applications using React, Next.js, TypeScript and Node.js. Interested in frontend engineering, AI-powered applications and full-stack development. Strong foundation in JavaScript, Python, databases and REST APIs, with a focus on building practical projects.

EDUCATION

B.Tech — Computer Science and Engineering | ABC Institute of Technology, Vijayawada
2025 – 2029 | CGPA: 8.4/10

TECHNICAL SKILLS

Languages	Python, JavaScript, TypeScript, SQL, HTML, CSS
Frontend	React.js, Next.js, Tailwind CSS
Backend	Node.js, Express.js, REST APIs
Database	PostgreSQL, Prisma, SQLite
AI / Tools	Google Gemini API, Git, GitHub, VS Code

PROJECTS

AI Interview Preparation Platform | Next.js, TypeScript, Prisma, PostgreSQL, Gemini API

- Built an AI-powered interview platform that creates personalized interview questions from a candidate's resume.
- Implemented authentication, resume parsing, interview configuration, live interview sessions and database-backed answer storage.
- Integrated Gemini for question generation and automated interview-answer evaluation.

Semantic Search & RAG Assistant | Python, Sentence Transformers, FAISS

- Developed a semantic document search prototype using vector embeddings and FAISS.
- Implemented retrieval-based context selection to improve responses for user queries.

Student Task Manager | React, Node.js, PostgreSQL

- Created a responsive task-management application with authentication, CRUD operations and REST APIs.
- Designed reusable React components and connected the frontend to a PostgreSQL-backed backend.

EXPERIENCE

Software Development Intern — TechNova Labs | May 2026 – Jul 2026

- Developed responsive React interfaces and reusable UI components for internal web tools.
- Integrated REST APIs and worked with PostgreSQL data using Node.js services.
- Participated in debugging, code reviews and Git-based development workflows.

CERTIFICATIONS & ACTIVITIES

- Google Cloud / Generative AI fundamentals coursework
- Participated in college hackathons and software project showcases
- Regularly builds full-stack and AI application prototypes

CAREER INTERESTS

Frontend Development • Full-Stack Development • AI Engineering • Generative AI • Software Engineering
